[ FOUNDER OF RK GLOBAL ]

## ABOUT US

RK Global Export is a specialised international exporter of industrial products. We have been focusing on providing optimum service to clients all over India and now export internationally with customers in UK, USA, and UAE. We pride ourselves on building long lasting partnerships with our clients offering exceptional service and products of the highest quality at very competitive prices.

We understand the importance of requiring a reliable supplier for a business to operate efficiently and ensure our client's requirements are always our number one priority. We work closely with business professionals with expertise in export to ensure the supply of our products to our clients is seamless and timely.

## VISION

With RK Global Exporter successfully established in India and growing internationally, we are constantly working on widening our footprint across the globe with clients in UK, USA and UAE we have already started exporting to key clients and we endeavour to continue growing globally.

## MISSION

With an increase in international businesses procuring products from India over the last few years, we understand the industry requires suppliers who can meet the client's needs and provide the service they require to continue running their business successfully. We intend on becoming an integral part of our client's operation by becoming the supplier they can rely on. Along with our set of core products, we aim to be flexible and offer bespoke services so we can source and supply any product our clients require.
